

## Motorhomes Information for Visitors to Guernsey

This note outlines the procedure to be adopted when a motorhome is to be brought to Guernsey for holiday purposes and is to be used as accommodation under an approved scheme operated by the two Island campsites (Fauxquets and Vaugrat) in conjunction with the States Environment and Commerce & Employment Departments.

This scheme does not cover visits to the Island by motorhomes for any other purpose. Visitors should contact the Environment Department for advice in this matter.

### **Introduction**

In order to protect the special environment of the Island and because of the limitations of our roads, permission will not be granted to bring touring caravans to Guernsey.

Permission has been granted however, to allow a limited number of motorhomes to be accommodated on each of the authorised camp sites on the Island.

### **Travelling to Guernsey with a motorhome**

Visitors wishing to bring a motorhome with them to the Island to be used for overnight accommodation can do so provided:

- the motorhome is not more than 6.9 metres long;
- the motorhome is booked onto a registered camp site (Fauxquets or Vaugrat) within the terms of the approved scheme; and
- a motorhome permit has been obtained from the camp site operator.

The ferry operator, Condor Ferries, will not allow motorhomes on a ferry in the absence of a motorhome permit.

While on the Island, motorhomes can be driven on the roads but must display a windscreen sticker, provided with the motorhome permit, and must return to the camp site each night. Parking on site will be limited to designated areas.

Visits to the Island are limited to a maximum period of one month.

### **Before travelling to Guernsey**

The process for arranging a trip to Guernsey will normally involve:

- the visitor contacts the camp site of their choice to check availability
- if there is availability on site, a provisional booking is agreed

- the visitor completes the booking process with Condor Ferries
- the visitor confirms the booking with the camp site operator
- the camp site operator sends the visitor two copies of a motorhome permit (one for retention by Condor Ferries)

The motorhome permit must be available for inspection at both the ferry check-in point and by the Guernsey Border Agency at arrival on the Island. The window sticker must be displayed at all times during the stay in Guernsey.

The operator will keep a log including details of visitors, vehicles and length of stay.
